#### NOTES TO FINANCIAL STATEMENTS

#### DECEMBER 31, 2006 AND 2005

#### Note 1 - Description of Operations

Silverwood Partners, LLC, located in Sherborn, Massachusetts, provides investment banking services to both public and privately held companies located throughout the United States. The Company is a broker/dealer registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD).

#### Note 2 - Summary of Significant Accounting Policies

### (a) Accounts Receivable

Trade receivables are carried at their estimated collectible amounts. Trade credit is generally extended on a short-term basis; thus trade receivables do not bear interest. Trade accounts receivable are periodically evaluated for collectibility and are charged to bad debt expense when such receivables are deemed to be uncollectible. The Company has not set up an allowance account as there have been no bad debts.

### (b) Property and Equipment

Property and equipment are recorded at cost. Depreciation is provided using accelerated and straight-line methods over the estimated useful lives of the respective assets. The Company's capitalization policy is to generally capitalize all equipment with a cost in excess of \$1,500. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized.

# (c) <u>Use of Estimates and Assumptions in the Preparation of Financial Statements</u>

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### (d) Income Taxes

The income from the Limited Liability Company (LLC) is included in the income tax returns of the individual members. Consequently, no provision is made for income taxes in the financial statements of the Company.

Investment banking revenues include fees net of unreimbursed expenses arising from securities placement transactions in which the company acts as an advisor or agent. Investment banking revenues also include fees earned from providing merger and acquisition and financial restructuring services. These fees are recorded at the time a transaction is completed and the income is reasonably determinable. Obligations relating to these transactions are expensed as incurred.

Consulting fees are invoiced and recognized, per the terms of the underlying contract, on an hourly basis as the services are performed.

## (f) Advertising Costs

The Company charges to operations all advertising costs at the time the obligation is incurred. Included in operating expenses are advertising costs of \$19,923 in 2006 and \$29,253 in 2005.

## (g) Cash Equivalents

The Company considers amounts invested in overnight repurchase investment accounts to be cash equivalents.

The Company may, at its discretion, pay an amount greater than 5% of the revenue recognized for the prior month provided such payment does not exceed \$8,000. In 2005, the lease was amended to provide the option of making additional payments, in excess of the monthly rent, to make up for prior period rent not equal to the maximum monthly payment. The lease also provides for the Company to pay additional amounts for real estate taxes and other operating expenses.

Projected future minimum rentals under the non-cancellable lease as of December 31, 2006 are as follows:

2007	\$ 84,000

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5 FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3

To the Members Silverwood Partners, LLC Sherborn, Massachusetts

In planning and performing our audit of the financial statements and supplemental schedules of Silverwood Partners, LLC (the Company), for the period ending December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons
- 2. Recordation of differences required by rule 17a-13
- Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control of the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and

404 Wyman Street, Suite 275, Waltham, MA 02451-1264 Tel: (781) 487-9200 + Fax: (781) 487-9204 + www.fibl.com

procedures that assets for which the Company has responsibility are safeguard against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, NASD, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
